

STRONGER TOGETHER

everyone is in

AWARDS CEREMONY JUNE 7 | REGIONAL CONFERENCE JUNE 8

STRONGER TOGETHER.

The power of collaboration is at the core of design-build, where the designer and contractor team up from the outset to deliver unified project recommendations that align with the Owner's schedule and budget. By working as a cohesive unit, the team takes a proactive approach to any modifications, embracing innovation and collaborative problem-solving over finger-pointing or excuses. Design-build's fundamental difference from traditional methods lies in its single-source contracting, but equally important is the culture of unity and mutual trust that this approach fosters. When it comes to delivering successful projects, it's clear that we're stronger together.

EVERYONE IS IN.

Yes, inclusion is a core value of DBIA. We understand that the design-build process is built on collaboration and depends on the commitment to include everyone. We firmly believe that diversity in the workplace is crucial for success, and we strive to build and promote an environment of teamwork, respect, and inclusion. By embracing diversity, we open ourselves up to new perspectives and ideas that can drive innovation and creativity. We encourage all of our partners to embrace these values of inclusion and cooperation to create stronger teams and better outcomes. When everyone is included, everyone benefits.

Meet The Keynote Speaker **MELVIN J. GRAVELY, II**

Mel Gravelly is the CEO and Chairman of the Board of TriVersity Construction Company, a Cincinnati, Ohio based commercial contractor. TriVersity specializes in providing services to large complex organizations with ongoing construction needs. Gravelly is an active civic and business leader having served on and led multiple community boards including the former co-chair of the Cincinnati Regional Business Committee, the former chair of the Greater Cincinnati USA Regional Chamber, a former board member of the Cincinnati

Regional Economic Development Initiative (REDI), Drake Hospital, Artswave, Downtown Cincinnati Inc., Thomas More College and the United Way of Southwest Ohio. Gravelly is a recognized writer of books and articles including the popular 2021 book, *Dear White Friend: The Realities of Race, The Power of Relationships and Our Path to Equity*. The book is an open, candid, and collegial series of letters to his white friends written to bring us to a better understanding and solutions on the delicate topic of race.
